Business lunch with H.E. Justin Brown,
Australian Ambassador to the EU

EU-AUSTRALIA

ROUND TABLE LAUNCH

Thank you for expressing your interest in the EU-Australia Round Table, Hume Brophy's new Brussels industry network dedicated to the successful conclusion of an EU-Australia free trade agreement.

We are delighted to announce that Ambassador Brown will officially launch the Round Table over lunch with a select and exclusive group of companies who share the same commitment to advancing open and rules-based trade between the EU and Australia.

This lunch at the Australian Residence will provide an appropriate setting for a timely discussion on the expectations and goals for your company, absorb and share intelligence as well as align core objectives with other sectors.

Together this new industry network will build on the positive momentum in talks underway and become a credible and vital asset to negotiators on both sides.

Please let us know by Monday 21 January if you can join the lunch.
